Title of the Practice:

MOOC Courses in Collaboration with IIT Mumbai Spoken Tutorial

Objectives of the Practice:

- To enhance students' knowledge and skill base by offering industry-relevant add-on courses.
- To promote self-learning and digital literacy through Massive Open Online Courses (MOOCs).
- To ensure students gain certifications from reputed institutions to increase employability.

Context:

With the growing demand for digital skills and employability-focused education, it has become imperative to expose students to courses that provide hands-on experience in various tools and applications. IIT Mumbai, through its Spoken Tutorial platform, offers high-quality MOOCs in a wide range of subjects. By partnering with them, the college has successfully implemented value-added courses for students across streams. This initiative has strengthened academic learning while equipping students with practical knowledge required in the global job market.

The Practice:

The institution, in association with IIT Mumbai, conducted a series of MOOC courses across different semesters and programs. In the first semester, 273 B. Com (English) students were trained in Inkscape, 60 BCA students completed HTML, and 27 B. Com BDA students successfully underwent training in LaTeX. Additionally, Basic Computers was introduced to 235 students of BBA and B. Com, while GIMP was completed by 241 students of BBA and B.Com. In the second semester, Front Accounting 2.4.7 was completed by 189 students of BBA and B. Com, HTML was attended by 27 B. Com BDA students, and CSS (Cascading Style Sheets) was successfully taken up by 58 BCA students. Moving to the fourth semester, advanced courses were introduced where 113 BBA and B. Com students completed GIT (Global Information Tracker) and 187 students of BBA and B. Com completed LaTeX.

Through this structured implementation, students from varied disciplines were exposed to open-source software, programming, and accounting tools that enhanced their technical competencies and employability skills.

Evidence of Success:

- Students across B. Com, BBA, and BCA programs successfully completed MOOC certifications from IIT Mumbai.
- Students gained hands-on skills in design, accounting, programming, and digital tools, which they applied in internships, academic projects, and presentations.
- Certificates from IIT Mumbai served as an additional qualification in their academic portfolio, enhancing employability prospects.

Problems Encountered and Resources Required:

- Some students faced difficulties in accessing the online tutorials due to limited internet bandwidth.
- Balancing MOOCs alongside the core curriculum required follow-up with the students.
- Continuous supervision was essential to ensure students completed the certification within the prescribed duration.

Conclusion:

This practice has emerged as a benchmark initiative of the institution, reflecting its commitment to providing students with skills beyond the curriculum. The collaboration with IIT Mumbai has not only enriched students' learning experiences but has also significantly improved their employability and confidence in digital learning platforms.

Best Practice – 2

Title of the Practice:

Best Library User Award for Staff and Students

Objectives of the Practice:

- To encourage optimal usage of library resources among staff and students.
- To promote a culture of reading, research, and self-learning beyond classroom teaching.
- To recognize and appreciate consistent and active library users.

Context:

In the digital era, when reading habits and the use of library resources are gradually declining, it is essential to create awareness and cultivate interest in using library facilities. To address this, the institution has introduced the Best Library User Award, which acknowledges and rewards the most consistent and dedicated users of the library among both staff and students. This initiative not only motivates the users to make effective use of available resources but also serves as an inspiration to others to enhance their academic engagement.

The Practice:

The library systematically tracks the borrowing, referencing, and usage patterns of both students and faculty members. The Best Library User Award is given based on criteria such as frequency of visits, maximum utilization of books and journals, punctuality in returning books, and participation in library activities. Separate awards are conferred to staff and students to ensure fair recognition across categories at the Annual Day Celebrations of the College, ensuring the awardees are acknowledged in front of peers, which further boosts their enthusiasm.

Evidence of Success:

- A steady increase in the number of students and staff utilizing library resources has been observed.
- Awardees have expressed that this recognition boosted their confidence and encouraged them to continue their reading habits.
- Other students and staff are motivated to increase their library usage, leading to healthy academic competition.

Problems Encountered and Resources Required:

- Continuous tracking of borrowing and usage requires dedicated library staff time and proper software support.
- Initially, only a limited number of students actively competed; motivating all students to participate was a challenge.
- While physical book usage increased significantly, encouraging equal use of e-resources required more awareness sessions.

Conclusion:

The Best Library User Award has proven to be a simple yet highly effective practice in instilling a love for reading and research. By recognizing staff and students who maximize library usage, the institution has successfully fostered a strong academic culture and set a model practice for promoting lifelong learning.

**Institutional Distinctiveness
Honoring Accomplished Alumni**

The institution takes immense pride in celebrating the success stories of its alumni, who stand as role models for the present generation of students. As a part of the Annual Alumni Meet, the college organizes a special Felicitation Ceremony to honor alumni who have excelled in various professional and personal domains. This initiative highlights the institution's commitment to nurturing talent and recognizing those who carry forward the legacy of excellence. Each year, one category of alumni is selected for felicitation. Nominations are invited through official alumni groups and networks. The credentials and statistics of the nominees are carefully verified, following which a formal invitation is extended to the selected alumni to attend the Annual Meet. This transparent process ensures that deserving achievers are duly recognized, while also encouraging wider alumni participation in the initiative.

Over the years, the institution has felicitated alumni across multiple fields. Business entrepreneurs have been acknowledged for their spirit of innovation and enterprise, while sports achievers are recognized for bringing laurels at state, national, or international levels. Alumni who are engaged in social service are also honored for their valuable contributions to community development. Alumni who have successfully completed professional qualifications such as CA and CS are honored for their academic perseverance, and those serving as Government employees are appreciated for their service to society. In addition, alumni who have taken up the teaching profession are recognized for their contribution to the noble cause of education.

As part of this initiative, in 2023-24 the focus was on alumni in the teaching profession, while in 2024-25, Government employees were selected and felicitated. This rotation of categories every year ensures inclusivity and provides a platform to celebrate diverse achievements of alumni across domains.

The felicitation not only recognizes the accomplishments of alumni but also serves as an inspiration to the student community. Their success stories instill confidence and motivate current students to pursue their aspirations with determination and commitment. The event further strengthens the bond between the institution and its alumni, creating a vibrant network that contributes towards the growth of the college.

STRENGTH

1. TEACHING STAFF

- Well experienced staff
- Qualified Staff [Ph.D.=5, NET= 09, SLET & KSET-10, M. Phil.= 07, Ph. D-Pursuing-14]
- Provided with individual system with internet facilities.
- ICT enabled teaching.

2. STUDENTS

- Counseling facilities for students.
- Placements – Pre-placements training
- Industrial Trip/ Visit, Visits to banks.
- VAP provided for students.
- Book-kit system.
- Remedial Classes.
- Alumni meet (Ex-students).

ANNUAL REPORT (A.Y. 2025-26)

- Social Awareness Program (NSS, NCC & ECO-MITRA).
- Encouraging students to take part in Inter College Fest with Financial support.

3. INFRASTRUCTURE

- Well constructed building
- CCTV
- Computer Lab
- Business Lab
- IPOMO, IPOMO ROOMS
- Class Room equipped with projectors
- Seminar hall & Conference Hall
- Placement cell, Grievance Cell, Suggestion box.
- College website.
- Digital library.

- i. JAM- Group discussion among subject teachers.
- ii. Common Assignment.
- iii. IPOMO Rooms.
- iv. Centre for Global Excellence- Student's exposure.
- v. Buddy System.
- vi. Mentor system-The Mirror.
- vii. Remedial classes for slow learners.
- viii. Identifying slow learners, average learners and advance learners.
Bridge Course for BBA, BCA, BCA (AI & ML), BCOM, BCOM (A&F) & BCOM (BDA) students.
Research funds- Seed Fund-Support research activities.

➤ TEACHING & RESEARCH

- 1) Lesson plan
 - 2) Work Diary
 - 3) Research hour.
 - 4) Faculties are encouraged to participate in seminar, workshop & conferences in different colleges, with financial support.
 - 5) Paper Presentation by faculties
 - 6) Faculty development program
 - 7) Record Book created for work dairy and lesson plan.
 - 8) BEST PRACTICES
 - ✓ Group of students to take up practical assignments
 - ✓ Industrial trip for students
 - ✓ IPOMO attendance
 - ✓ Personal computer with internet
 - ✓ Self-defense programs for students
 - ✓ Creating environmental values inculcate Eco-Mitra
 - ✓ Creating awareness through NSS activities (medical camp, blood donation camp etc.,)
 - ✓ Remedial Class- Pass out students.
 - ✓ Self-governance day.
- Internal audit by students.

ANNUAL REPORT (A.Y. 2025-26)

1. RESEARCH CONSULTANCY & EXTENSION

- ◆ New Software's relating to research are not affordable
- ◆ No research Centre in college
- ◆ No MOU signed with industries for research consultancy.

WEAKNESS

✓ STUDENTS SUPPORT & PROGRESSION

- ◆ Feedback should be strengthened
- ◆ Research related activities to be continued.

✓ INNOVATION & BEST PRACTICES

- ◆ No best practices are carried out related to environment issues

✓ Infrastructural constraint

- ◆ Space constraint in library
- ◆ No reading rooms
- ◆ Department library
- ◆ No facility for disabled students required.
- ◆ No scope for starting new courses

✓ CURRICULAR ASPECTS

- ◆ No certificate programs (PG, PG Diploma etc)

✓ Teaching, learning & evaluation

- ◆ No formal linkage with national agencies
- ◆ No E-learning Resources & E-library to the staff
- ◆ Only few faculties have cleared Ph. D
- ◆ No exchange programs by faculties.

OPPORTUNITIES

1. INTEGRATED INDUSTRIAL COURSES

- Internship program
- Applied learning (to reach their expectation)
- Introducing more foreign languages.

2. TEACHING, LEARNING & EVALUATION

- Innovative teaching- continuous learning ERP (Enterprise Resource Planning) Blended innovative teaching (core study, role play, movie clips, interactive sessions with stake holders)
- Co-teaching, microteaching & micro-learning.
- Meditation for work life balance.

3. RESEARCH CONSULTANCY & EXTENSION

- Research (micro projects) for students.
- Active participation of students and staff for inter-institution. (Money is already set aside) High learning Collaboration with global universities (Invite scholars from global

ANNUAL REPORT (A.Y. 2025-26)

universities to have impact on higher learning competency to our students and staff

- Imitate the changes in curriculum to the board of studies through principal.
- Publishing of books
- Avoiding book kits provide digit book kit. Enterprise recourse planning software to enable wide range of activities in college both effectively and efficiently in a club of bottom on boarding for faculties research days orientation 12B & 12F & permanent affiliation.
- An MOU to be made with publication houses.

STUDENT SUPPORT AND PROGRESSION

- Involving students in all the activities of the college.
- Inviting subject specialist to give micro teaching for special learners / compartment learners
- Introduction of Yoga or meditation for value-based system
- Organizing seminars

GOVERNANCE LEADERSHIP AND MANAGEMENT

- For retention of Quality Lecturers provide fair monetary benefits and motivate leadership.
- Feedback system from stakeholders for improvement of quality.
- Imparting continuous quality assessment.
- Creation of techno-savvy environment
- Competition training

CHALLENGES

DEPARTMENT OF COMMERCE AND MANAGEMENT

- ◆ Student feedback about synopsis.
- ◆ Affiliation does not allow us to frame syllabus.
- ◆ Right balance between curriculum and extra curriculum.
- ◆ Additional courses like BSC, BA not provided.
- ◆ Faculties research work and publications.
- ◆ Paperless communication.
