### Self Governance Day

*The most appreciated and the rewarded programme organised by SICM is the Self-Governance Day organised usually every year as a practice on the occasion of 'Teachers' Day'. The event is meticulously designed and organised keeping in vision the decorum of the college. Self Governance day is a very rare opportunity for the students to reverse their role with that of the staff of the college. Particular set of students are selected who take up the role of the entire staff in the college from the security at the gate to the principal of the college. Students on the day are given an opportunity to administer the college for a day right from the opening of the gates, preparation of time table, handling classes to maintaining the discipline of the college.*

*The event is marked as an upliftment to students in handling situations and taking up responsibilities. Administration and managerial skills are churned out of a student during the event. The event is highly appreciated as the most unique and distinctive programme under the university level. Print media has corresponded the event to the best of their efforts. The event truly stands always at the top in the chronicles of SICM.*
