Institutional Distinctiveness

Study Centres - Fostering Holistic Development

The institution stands out through its establishment of diverse forums aimed at the holistic development of students. Among these, the **Study Centres** are a hallmark feature, uniquely designed to inspire intellectual growth and societal consciousness through the ancient Indian great leaders.

These centres serve as a platform for students to explore the profound philosophies of visionary leaders such as **Mahatma Gandhi, Swami Vivekananda, Dr. B.R. Ambedkar, and Lord Basavanna**. By exploring their transformative ideologies, students are encouraged to engage in critical thinking, moral reflection, and social awareness. The Study Centres emphasize the principles of egalitarianism, nurturing an inclusive mindset that advocates gender equality, social welfare, and youth empowerment.

The college's mentors at the management level are ardent followers of these visionary leaders and hold key positions in institutions like Gandhi Bhavan. They emphasize the integration of ancient wisdom into the curriculum, enriching the learning experience for students.

The Study Centres organize a variety of activities, including quizzes on the philosophies of these great thinkers, speech competitions, paper presentations, and exposure visits to relevant institutions, providing students with enriching experiences and deeper insights.
