PRINCIPAL DESK

Dear Students,

The present global definition of education is to impart skills that would develop mental ability in students to confidentially interact and respond to the changes in environment. In this context we at SICM organise wide range of multidimensional activities to bolster physical, emotional, social and cultural needs of the students. We help them to be self directed, realistic and responsible decision makers when solving problems that they will encounter in our multicultural ever-changing world.

We believe it is our responsibility as educators to nurture and develop every learner to prepare them for life. I aim to imbibe the importance of trust, respect, innovation and sense of community engagement in the young bloods.

Continuing with the lineage of getting ranks every year, institution achieved first rank in B. Com in the Current Academic year and BBA in the 2019-22 Batch. Institution has to it's credit 5 ranks in B.Com and 3 gold medals in past decade. The college has been credited with Innumerable number of sports achievements especially in the area of Weightlifting, Powerlifting, Netball, shooting sports at all the levels from University to Nationals, representation to Republic Day Celebrations (RD Parade) almost every year from NCC and NSS. William S Burroughs

WHY SICM?

SICM is a hallmark of quality education, which provides responsive, significant and eternal learning. It nurtures the holistic development of the students complementing the academics with the extracurricular activities. The learning culture evolved here is for the life time not just for graduation.

Good infrastructural facilities are the foundation upon which a college may carry out its functions fruitfully. We are proud to say that college houses, an array of facilities which take care the basic human as well as the academic and recreational needs of its students. The infrastructural facilities are adequate, conducive and techno-savvy and ICT enabled. The external ambience is clean and eco-friendly. Periodic maintenance is ensured. The college campus has spacious and well ventilated lecture halls, well equipped library. It also gives them a good platform to interact with their peers, teachers and guest faculty so that they learn more.

Supplementary activities at SICM play a tremendous role in the education of an undergraduate student as they are on the verge of placements and professional life. These activities are autonomously structured as forums and departments; conduct various activities to fulfil the much entailed training for an undergraduate. The strong force of NCC and sporting activities has enormously contributed a great track record since its inception. Our NCC wing provides necessary training to the cadets from the scratch; as a result it has brought greater glories like 8 cadets participated in the prestigious Republic Day Parade in New Delhi and 1 student represented India in Youth Exchange Programme held at Bhutan. SICM glorifies as the only college in and around Bengaluru to have setup a 10 meters Air Rifle shooting range after many other private shooting clubs, which is much appreciated.

Every major forum of the college unanimously called as ETHOS, furnish opportunities to students in enhancing their knowledge and skill set to a profound level right from a very common to concord humanitarian values. All the forums conduct diversified activities to suit and intensify competency level at both personal and professional life which is a basic concern of the higher education system. One of the special quality that college upholds is the set of teaching staff who effectuate the role of a beacon to students not just guiding them in the classroom to crack their syllabus prescribed, but can also instil many other skills beyond the classroom in a student for their overall performance and success.

*SICM kindles the joy of learning, being truthful and tolerant
- the essential values for a sustainable life.*

The Semester Grade Point Average (SGPA) in a Semester and the CGPA at the end of each year may be calculated as under.

Computation of Semester Grade Point Average and Cumulative Grade Point Average

1. Calculation of Semester Grade Point Average (SGPA)

The Grade Points (GP) in a course shall be assigned on the basis of marks scored in that course as per the Table I. Any fraction of mark in the borderline less than 0.50 is ignored in assigning GP and the fractions of 0.50 or more be rounded off to the next integers. The Credit Points (CP) shall then be calculated as the product of the grade points earned and the credits for the course. The total CP for a semester is the sum of CP of all the courses of the semester. The SGPA for a semester is computed by dividing the total CP of all the courses by the total credits of the semester. It is illustrated below with typical examples.

2. Calculation of Cumulative Grade Point Average (CGPA)

The aggregate or cumulative SGPA (CGPA) at the end of the second, fourth and sixth semesters shall be calculated as the weighted average of the semester grade point averages. The CGPA is calculated taking into account all the courses undergone over all the semesters of a program,

i.e. The CGPA is obtained by dividing the total of semester credit weightages by the maximum credits for the program.

$$SGPA = \frac{\sum (C_i \times G_i)}{\sum C_i}$$

Where G_i is the grade point of the 'i'th course / paper and C_i is the total number of credits for that course/ paper

$$CGPA = \frac{\sum (C_i \times S_i)}{\sum C_i}$$

Where S_i is the SGPA of the 'i'th semester and C_i is the total number of credits in that semester.

3. Conversion of Percentage of Marks into Grade Points in a Course/Paper

| % Marks in a paper/practical | Grade Point (GP) | % Marks in a paper/practical | Grade Point (GP) |
|------------------------------|------------------|------------------------------|------------------|
| 98-100 | 10 | 63-67 | 6.5 |
| 93-97 | 9.5 | 58-62 | 6.0 |
| 88-92 | 9.0 | 53-57 | 5.5 |
| 83-87 | 8.5 | 48-52 | 5.0 |
| 78-82 | 8.0 | 43-47 | 4.5 |
| 73-77 | 7.5 | 40-42 | 4.0 |
| 68-72 | 7.0 | Below 40 | 0 |

General Terms and Conditions

- A candidate is allowed to carry all the previous un-cleared papers to the subsequent semester/semesters.
- Such of those candidates who have failed/remained absent for one or more papers henceforth called as repeaters, shall appear for exam in such paper/s during the three immediately succeeding examinations. There shall be no repetition for internal assessment test.
- The candidate shall take the examination as per the syllabus and the scheme of examination in force during the subsequent appearance.

The college where I completed my BCom provided an excellent academic environment and a strong foundation in commerce and business studies. The faculty members were highly knowledgeable, supportive, and always encouraged practical learning along with theoretical concepts.

The curriculum was well-structured and helped develop analytical, accounting, and managerial skills that are essential for professional growth. The college also offered good infrastructure, library facilities, and opportunities for extracurricular activities, which contributed to overall personality development.

Regular seminars, workshops, and guidance for career development helped students gain confidence and real-world exposure. Overall, it was a great place to study BCom, and I am grateful for the education, discipline, and values the college instilled in me.

Proud to be an alumna of the 2020-2023 batch! This college gave me so much great academics, knowledge, sports, and even a chance to explore my creative side. The teaching is amazing, and yeah, the campus space is small, but trust me, the events and opportunities here make up for it big time. Thanks to the support here, I even got placed and now work in an amazing job. Definitely some room for improvement, but I'll always have the best memories of my time here!
